Labrador Community and Youth Centre –
10:00am 57 Billington Street, Labrador,
QLD 4215 - \$10.00

Noela Cowell, our Guest speaker in August.

Vacen Taylor, our Guest speaker in September.

Presidents Message

The last couple of months has seen steady growth in membership to South East Writers Inc. We welcome our new committee members who are equally dedicated as the founding members in bringing and doing great things for South East Writers Inc. The final touches have been put on our new "Mastermind Group" which will be launched in November 2018 and is in addition to our monthly Saturday meetings. The Mastermind group has been set up with the express purpose to give SEW members an opportunity to sharpen their pencils, gain knowledge and blossom. All members are encouraged to participate. Our speakers have been to say the least, amazing! Not only in sharing their time but in the rich knowledge they have imparted to our members. On behalf of SEW's I extend you all a warm thank you. Enjoy October!

"Think great things and great things will come".

Warmly

Catherine Toth-Lacey

South East Writers Inc Literary Award

South East Writers Inc will be holding our first ever Short Fiction Literary Award.
The subject is "Truffles"
Email : competitions@southeastwriters.org

This is a very exciting time for us as we launch the South East Writers Inc Literary Award. The South East Writers Inc Literary Award will be held twice per year with the aim to give our members and other writers the opportunity to hone their skills and have their work recognised.

Each year we will publish in the form of an anthology the work of our winners and twenty (20) of the best stories from each competition.

As this is our very first award and we are already into the second half of 2018, the anthology will include the winners of 2018 and the two (2) competitions from 2019. The anthology will be available in April 2020.

Fees:

Early bird entry received before 5pm 31/10/18 (both entry and fee) - \$10 per story. Entries fees after this date are \$15 per story. Closing date 5pm 30/11/18. Email for PDF file with details.

Welcome to the second issue of *On the Same Page*. South East Writers Inc is an initiative to combine skills, experience, educate and raise standards within Writing, Printing, Publishing and the associated arts.

Printing Plant tours, Workshops and Guest speakers will be offered to assist Writers in achieving their optimal goal.

The New York Public Library is awe-inspiring for its scope and breadth. As the third largest library in North America with more than 50 million items in its collection, it encompasses 87 libraries serving 3.5 million people across the state. The Rose Main Reading Room acts as the centerpiece of the library, with grand arched windows along its 52-foot walls, and also featuring chandeliers and a gilded and painted ceiling. The library acquired America's first Gutenberg Bible, and also houses collections with a special emphasis on Americana literature and printed materials. Among the most recognizable sites on our list, the library has made multiple appearances in feature films, as a key setting in the film *The Day After Tomorrow* and as a prominent backdrop in the original *Ghostbusters*, among others.

Quote of the day.

"An arrow can only be shot by pulling it backward. When life is dragging you back with difficulties, it means it's going to launch you into something great. So just focus, and keep aiming"
